

Scheduling Recurring Missions

📅 Updated on 15 Apr 2024 • ⌚ 1 Minute to read • Contributors 🚀

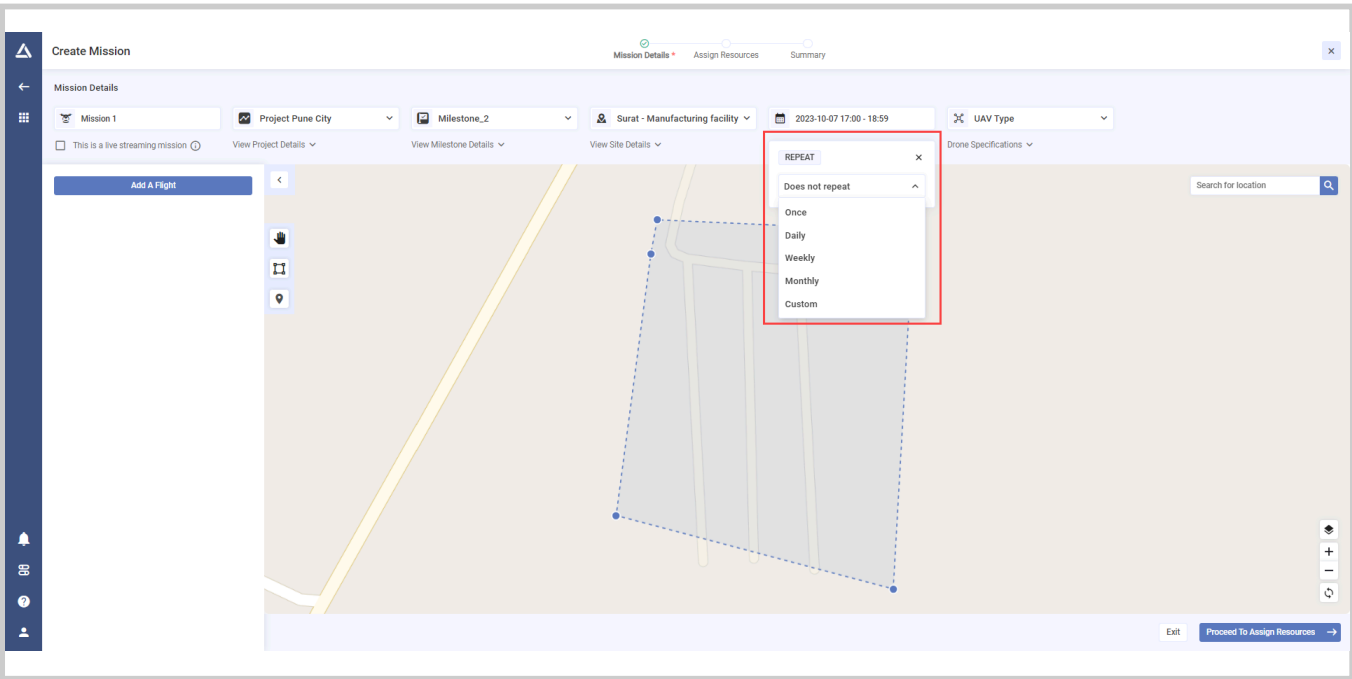

To schedule a mission to repeat at regular intervals:

1. On the **Create Mission** page, under the **Date and Time** field, click **Repeat**.

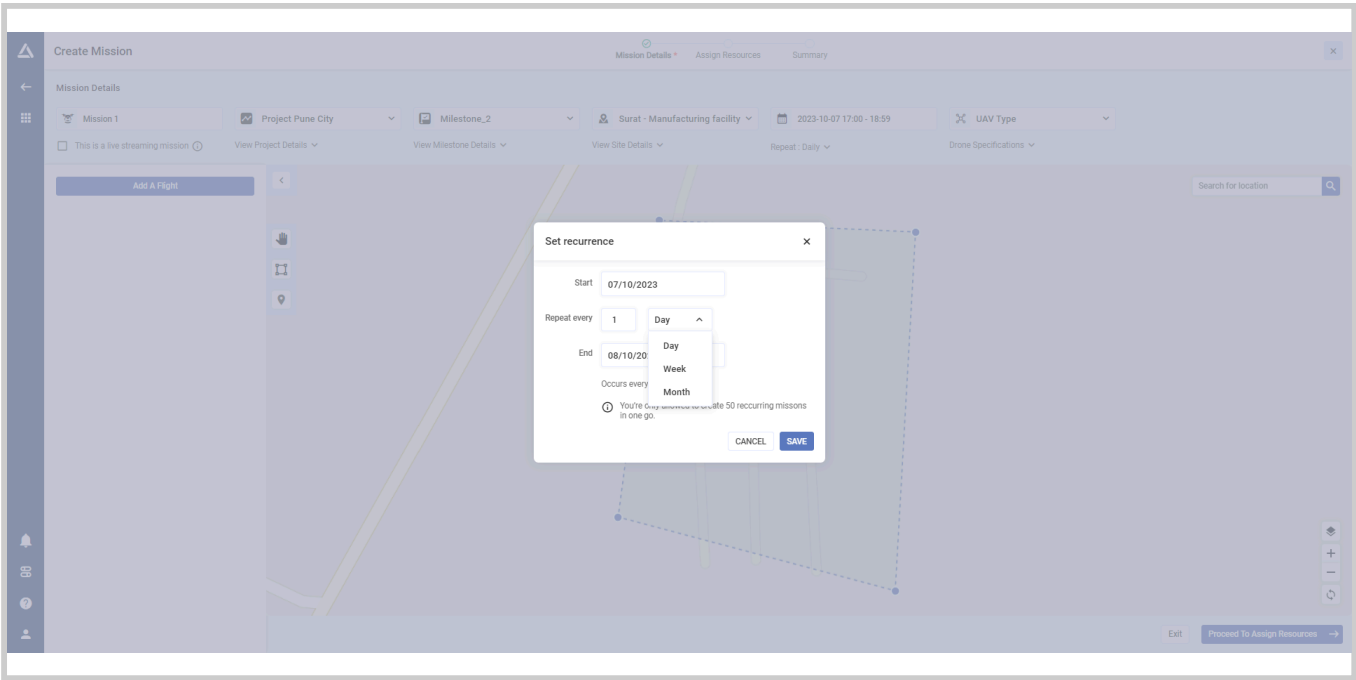

Schedule Recurring Mission

Select the occurrence from the dropdown.

Select Repeat Frequency

The **Set recurrence** pop-up is displayed.

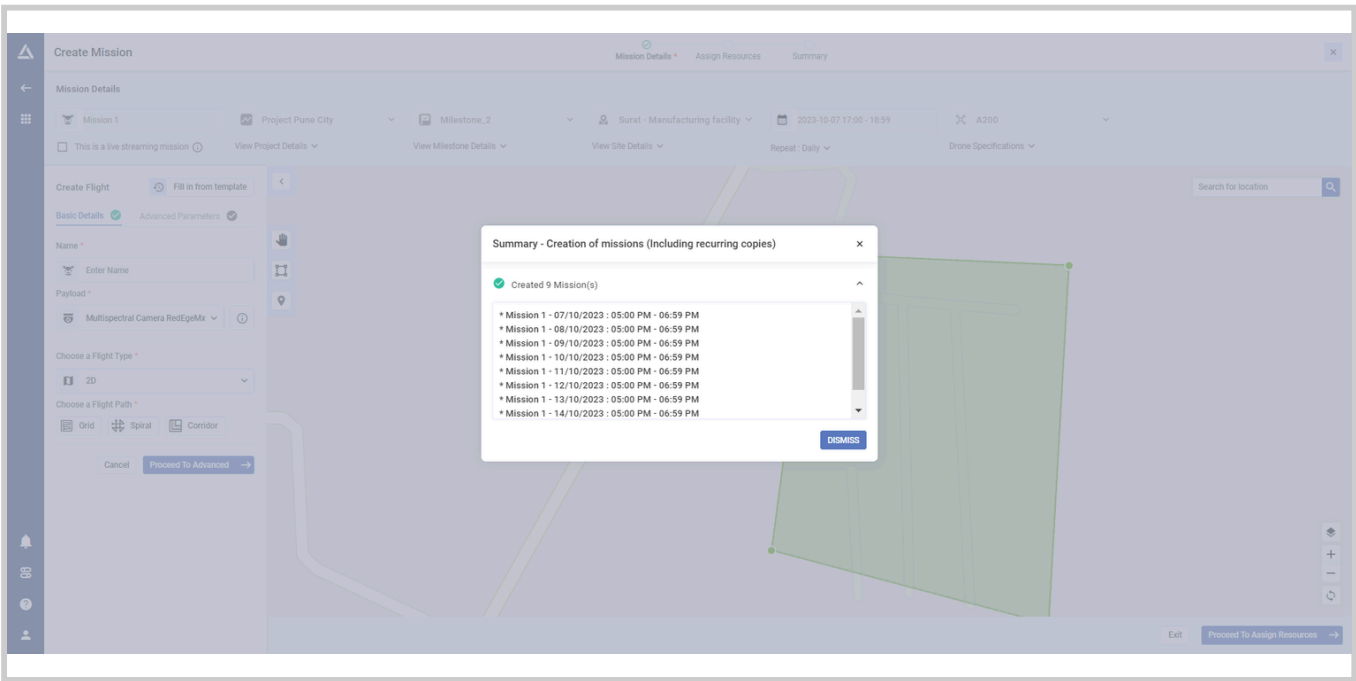

Set Recurrence Pop-Up

3. Select the start date, set the frequency of the recurrence and select the end date.

You can only create 50 recurring missions in one go.

4. Click **SAVE**. Recurrent missions are created successfully and a **Summary - Creation of missions** pop-up is displayed when **Add a flight** is clicked.
