Once you sign in, you'll land on the SkyDeck Dashboard, your primary access point for all features and tools.

SkyDeck Landing Page

The modules displayed on the dashboard vary based on the role and access given to you by your account admin. To know more user roles and access, click [here](#).

SkyDeck is organized into six key modules, each designed to streamline your operations:

Icon	Action
Fleets	<p>Manage your drones and payloads, including maintenance logs, co and custom hardware setups. Create and manage deployable teams.</p> <p>To know more about working with Fleets, click here.</p>
Projects	<p>Oversee and organize related tasks, missions, and data within a s workspace.</p> <p>To know more about working with Projects, click here.</p>
Sites	<p>Define and manage specific geographical areas of interest. Stor process 2D and 3D models, run analytical tools and create insights an</p> <p>To know more about working with Sites, click here.</p>
Missions	<p>Plan, schedule, and monitor your drone flights, from mapping miss flights</p> <p>To know more about working with Missions, click here.</p>
Console	<p>Manage user access, subscription, license utilization and usage analy account.</p> <p>To know more about working with Console, click here.</p>
Live	<p>View and manage livestreams from your missions in real time.</p> <p>To know more about working with Livestreams, click here.</p>

The left navigation pane allows you to access the following:

Icon	Action
Home	Redirects you to the homepage of the module you are in.
Back	Redirects you to the previous screen.
Applications	Opens the Quick Links menu to access the dashboard and all modules
Notifications	Displays notifications and alerts for events occurring on your a
Organisations	Opens the Organisations menu to display all the organisations associa
Help	Displays links to: <ul style="list-style-type: none">• Terms & Conditions• Documentation• Privacy Policy• Helpdesk
Profile	<ul style="list-style-type: none">• Displays the logged in user’s information.• Displays links to:<ul style="list-style-type: none">◦ Manage Account◦ Logout
