

Working with Console

Updated on 15 Apr 2024 • 1 Minute to read • Contributors

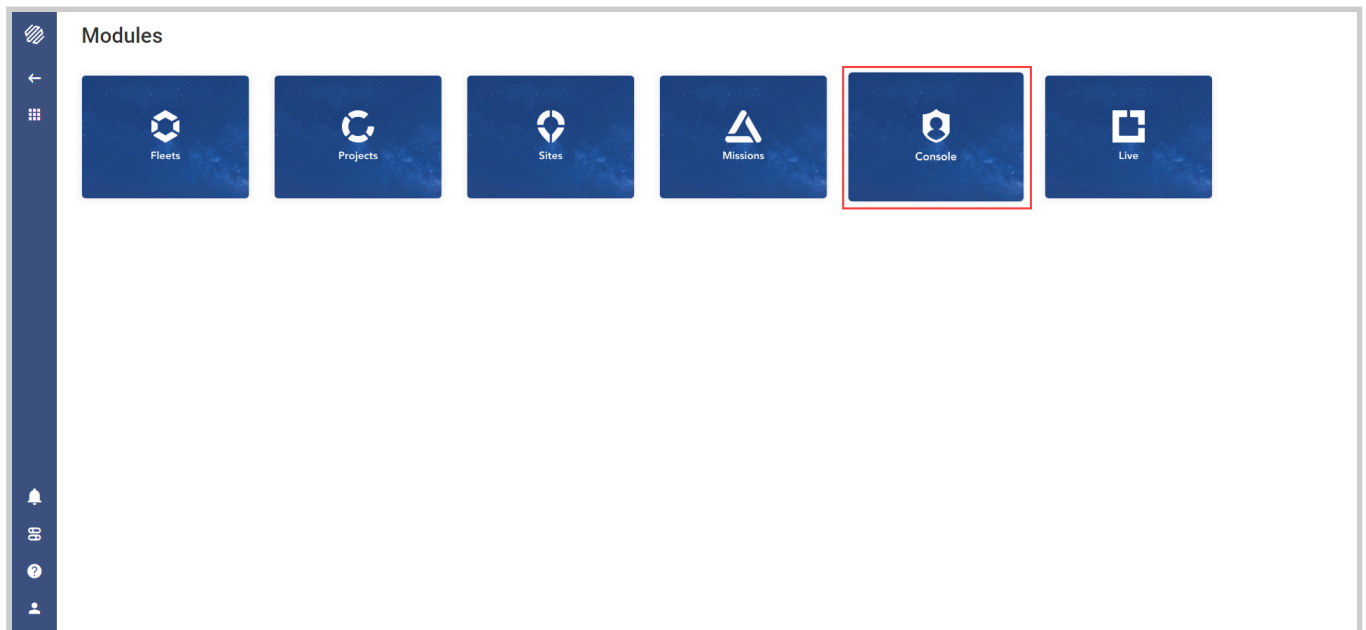

Access to this module is restricted to users with the Admin role. Other users will not be able to view or access this module.

The console module provides administrators with a range of functions including user management, role editing, and organization license management.

The Console Module allows you to manage Users, Partnerships and Subscriptions.

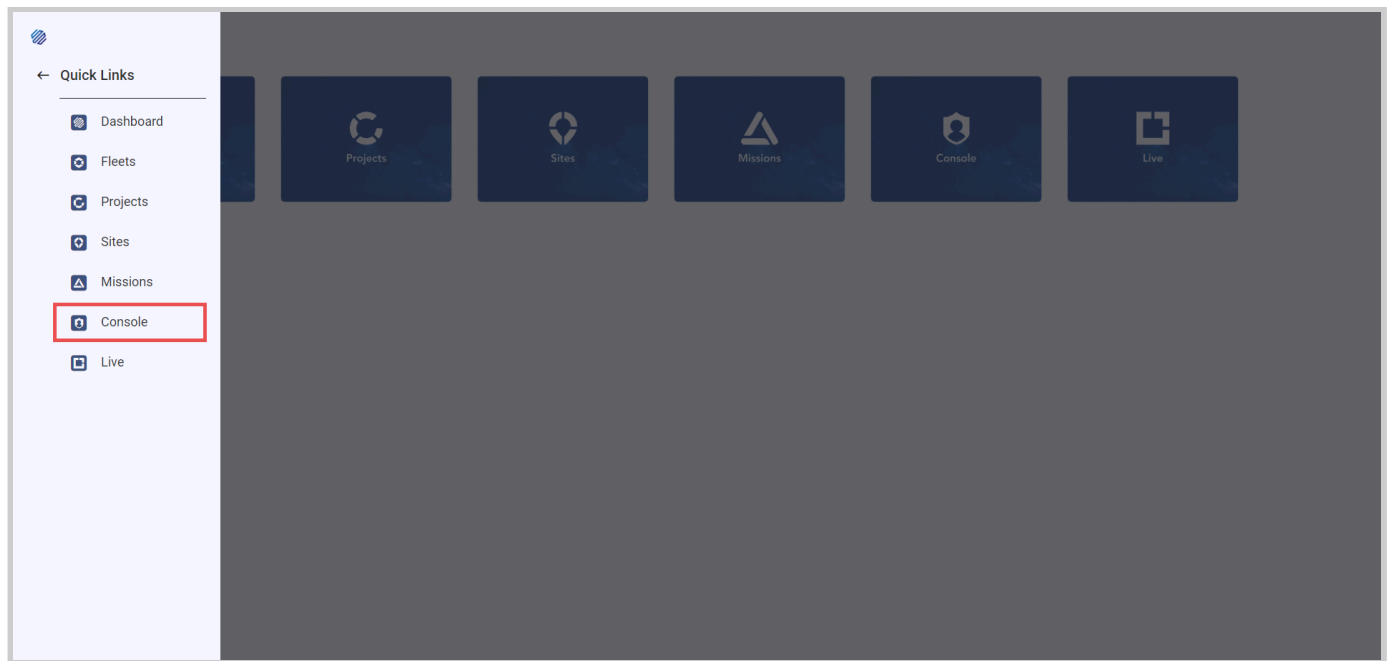

To access the **Console** module:

- On the **Modules** page, click **Console**.

Console on Module Page

OR In the left navigation pane, click the **Applications** icon and then under **Quick Links**, click **Sites**.

Console from Quick Links

The **Console** module opens with the **Users** tab displayed by default.

The Console module allows you to:

- [Manage your organization's users](#)
 - [Understanding user roles and access](#)
- [Manage your organization's license information](#)
